"Vita Properties have been tremendously helpful throughout the process of securing/renting my flat. Informative about the property, prompt communication, easy to use dashboard for sharing of information, and pleasant to work with. Highly recommend!"

Kate Brookfield x Vita Properties present this architecturally designed two bedroom apartment, set within this design-led development by Vabel.

The Kentisson is a striking residence located on the corner of Prince of Wales Road and Kentish Town Road NW5. The building originally constructed as a polytechnic in 1929, has been revived and now stands as a beautiful example of modernism within modern day living. The grand internal courtyard filled with luscious ferns and palm trees creates a private view for the apartments benefiting from private terraces and leans into a feeling of mid-century condo living.

we are delighted to offer the remains two-bedroom apartment, complete with terrace. Set on the first floor of the building, accommodation offers a beautiful open plan reception room with large half-moon Crittall window, dark oak kitchen and Kahrs oak floors. The bathroom is set with terrazzo tiles and brush brass fittings and bespoke fittings continue throughout the apartment.

The location is excellent for quick access to Camden, King's Cross and Chalk Farm, as well as being walking distance to Hampstead Village, Hampstead Heath and Primrose Hill.

"I was very impressed with Vita and their network of buyers. When the sale of my flat fell through (twice) they worked extremely hard to find new buyers in a difficult market - thank you!"

"Working with Vita properties has been a smooth experience! No complaints at all. Our letting agent, Diana has been fantastic and very helpful throughout the whole process. I would highly recommend both Vita properties and Diana."

---

"I used Vita properties to find a flat recently and it was an overall professional, personalised and positive experience. Saira went the extra mile to accommodate to our needs and quick to help us whenever possible."
